

Laboratory Animal Science Course on Primates

According to FELASA Guidelines

Registration deadline
1st of March 2017
Course Content
The content of the course is in accordance with the recent FELASA Guidelines and the Education and Training Framework of the EU Directive 2010/63/EU. It covers the functions A (Persons carrying out animal experiments) and B (Persons responsible for directing animal experiments).

Course structure:

E-Learning	Activated from 6th - 31st of March 2017
Content:	National legislation; ethics, animal welfare and the 3Rs; basic and appropriate biology of primates; primate care, health and management; recognition of pain, suffering and distress in primates, humane methods of killing in lab animals
Platform:	Our E-Learning is integrated in the www.las-interactive.de platform. Only course participants will be able to access respective contents
Online-Exam:	Your participation in the e-learning will be controlled by an online multiple-choice exam
On-site course	3rd - 7th of April 2017
Location	German Primate Center, Kellnerweg 4, 37077 Göttingen, Germany
Program	(tentative schedule)
Content	Primate Handling and Training (theory and practice*) Minimally Invasive Procedures in Primate Research – Insights from Neurosciences, Infection Biology and Stem Cell Research (theory) Measuring Behavior (theory and practice*) Ethics, Animal Welfare and the 3Rs Design of procedures and projects – Insights from Infection Biology and Neurosciences Good laboratory practice Biometry and Biostatistics in Laboratory Animal Science Legal Issues and Responsibilities
On-site Exam	Multiple-choice exam

* note that due to legal requirements hands-on training involving live primates cannot be conducted
