

# 1. Satellite Symposium of the Arthropod Neuroscience Network, September 16<sup>th</sup>-17<sup>th</sup> 2010 in Hamburg

Dear Arthropod Neuroscientist,

right from the start, the "Arthropodenseminar" has been an important platform for scientific exchange between the different laboratories working in the wide field of arthropod neurobiology in the German-speaking countries. We would like to continue this tradition in a new format, and cordially invite you to attend the 1. Satellite Symposium of the Arthropod Neuroscience Network from 16.-17. September 2010 in Hamburg, preceding this year's DZG-meeting.

Keeping up with tradition, each participating group will have 30-45 min to freely present results, current projects and ideas. There are no restrictions to the format of your presentation, except that each presentation should start with a short introduction into the current topics of the group, held by the PI. The official language of the symposium will be English.

## Preliminary program:

- Thursday, 16th of September

14.00-18.00: Presentations I

18.30-20.00: Social with buffet and beer on-site, and possibility to present your (DZG) poster in a relaxed environment.

20:00-21:00: Keynote speaker: Stefan Schuster, Bayreuth.

21:00-22:00: Social and posters on-site.

- Friday, 17th of September

9.00-12.00: Presentations II

12.00: Lunch break

13.00-16.30: Presentations III

16.30-17.00: Final discussion

There is no attendance fee. Food and drinks during the socials will be available at reasonable prices.

Please register by sending an email to [wegener@staff.uni-marburg.de](mailto:wegener@staff.uni-marburg.de) that includes:

- your full address
- title of your presentation (if applicable)
- title of your poster (if applicable)

**Deadline: 12th of July.**

We are looking forward to meet you in Hamburg!

Christian Lohr - Joachim Schachtner - Wolfgang Stein - Christian Wegener
