

At the Hearing Research Centre of the University Clinic for Otorhinolaryngology Head and Neck surgery of the Eberhard-Karls University of Tübingen (Head: Prof. Dr. Hubert Löwenheim) the following full-time position is open:

Research scientist / engineer (f/m/d)

The position is initially limited to one year, continuation is intended.

You will be working in the field of inner ear research as part of a third-party funded project. The scope of duties includes the planning, execution, evaluation and documentation of in vivo experiments. We offer you the opportunity to work in an interdisciplinary team of natural scientists, doctors and doctoral candidates on an exciting research topic with clinical relevance. The methods used in the working group include the application of preclinical relevant animal-, cell- and organculture models.

We are looking for a reliable staff member with a university degree who is distinguished by personal commitment, initiative, team spirit and communication skills and who is willing to familiarise himself/herself with new fields of work and methods. We expect knowledge in the field of electrophysiology and/or neurobiology, microscopy and immunohistochemistry. We assume that you are proficient in IT and have a basic knowledge of English.

We offer remuneration in accordance with TV-L (collective wage agreement for the Public Service of the German Federal States) in addition to all the customary benefits granted to employees working in Public Services. Severely handicapped persons with equal qualifications are given preferential consideration. The University of Tübingen is anxious to increase its quota of female scientific staff, and therefore emphatically requests women to apply for this position. The Administration of the University Hospital is responsible for all employment matters. Personnel appointments will be made pursuant to the fundamental stipulations of the legal statutes for universities in Germany. Interview expenses are not covered.

Bei Fragen wenden Sie sich an Herrn Dr. Marcus Müller, Tel.: 07071 29-88178. Bewerbungsfrist: 31.03.2019.

Richten Sie Ihre Bewerbung bitte unter Angabe der Kennziffer **9493** an:
