GERMAN
ZOOLOGICAL SOCIETY

Deutsche Zoologische Gesellschaft

14–17 September 2016

UNIVERSITY OF KIEL

Christian-Albrechts-Universität zu Kiel

WELCOME NOTE

Dear colleagues,

On behalf of the scientific committee it is my great pleasure to invite you all to the upcoming 109th Annual Meeting of the German Zoological Society (DZG). The meeting will be held from 14–17 September 2016 at the University of Kiel.

The 2016 Annual Meeting will focus on traditional topics of Zoology as represented by the DZG sections (study groups), but we also intend to expand the scope of the scientific programme by including areas of research intensively conducted and cultured at Kiel University such as symbiosis research, aging and circadian rhythms, host-microbe interactions, and biomechanics.

Have a look at our homepage www.dzg-meeting.de to learn more about the numerous topics and the guidelines for abstract submission. There you will also find the full scientific programme and useful information about hotel booking opportunities in Kiel.

We are looking forward to welcoming you to Kiel in September.
