You can have lunch in the canteen at the university (mensa). They also have vegetarian dishes and a salad bar. Typically you need to 5-6 Euros (without drinks).

There are also 2 restaurants very close to university that are open during lunch time:

- Tokyo house (one of our favorites) is only 5 minutes walk from university gate. It has South Asian food (mix of Japanese and Chinese food). Note that they are not open for lunch on Monday

There is a supermarket (Spar) right in front of the university.
