

# securing tomorrow's resources

## PhD Student, Research Scientist (f/m/d)

Institute for Bee Protection - based in Braunschweig, Germany

Application deadline: 22<sup>nd</sup> May 2021 for reference number: BS-BS-WA-17-21

We are looking for a PhD candidate to join the "NutriBee" project. The project aims to assess and compare the development of young and full-sized honey bee colonies under food and pesticide stress in a realistic field setting.

### Your responsibilities

- Planning, implementation, and evaluation of field studies using honey bees;
- Assistance in project coordination to ensure close collaboration with all partners of the network;
- Publication of project results in scientific journals, presentation at international and national conferences.

### Your profile

- A scientific university degree in biology, agricultural sciences, or a comparable discipline (M.Sc./diploma);
- Basic knowledge of apiculture and beekeeping;
- High motivation and reliability to work in a team;
- Self-sufficiently carrying out experiments and statistical analyses, preferably with R software;
- Excellent knowledge of German (business fluent) and English, verbally and in writing plus good IT skills;
- European class B driving license, willingness to go on business trips and to do fieldwork.

### We offer

- A varied, challenging, and interesting job in an international working environment;
- Part-time employment for 3 years with 25,35 hours a week. The employment contract will be based on the collective agreement for the public service (TVöD);
- Remuneration according to salary group E13 TVöD, if you have the required qualifications and skills;
- The possibility to obtain a PhD degree;
- A start at the earliest possible date.

The Julius Kühn Institute (JKI) is an equal opportunities employer. Where possible, we offer flexible working time models to reconcile work and family life. The JKI is committed to inclusion. Applications from people with disabilities are therefore expressly welcome and given special consideration in the selection process.

### Your application

Please send your complete application, particularly a letter of motivation, CV, and copies of relevant certificates (e.g. school and university degrees, qualified job references), preferably by e-mail to [bewerbungen.braunschweig@julius-kuehn.de](mailto:bewerbungen.braunschweig@julius-kuehn.de) (one single PDF file, max. 10 MB, other file formats will not be accepted), quoting the reference number BS-BS-WA-17-21. The deadline for receipt of applications is 22<sup>nd</sup> May 2021.
