

DZG Satellite-Symposium: Facets of Biodiversity

Systematics, Biogeography & Diversity

We welcome you to learn about and discuss current aspects of animal diversity research with us and with:

Frédéric Schedel

Zoological Institute, University of Basel

Adaptive Radiations in Chichlids
of the Great African Lakes

Marina Moser

Stuttgart State Museum of Natural History

Integrative Taxonomy of
Ceraphronoidea (Hymenoptera)

Eva Katharina Engelhardt

Biodiversity & Global Change Lab,
Technical University of Munich

Influence of Land Use and Climate
Change on Insect Biodiversity

Ekin Tiliç

Department of Biology,
University of Copenhagen

Phylogenomics, Taxonomy,
and Morphology of Polychaetes

13th of September 2022 1:00 - 4:30 pm

Central Lecture Hall Building, Campus Poppelsdorf, Bonn
